### Successful protest against European racist meeting in Cologne

On 20 September 2008 more than 40.000 people, among them members of the federations of the FIR, demonstrated against a planned European-wide meeting of racist and neo-fascist parties and groups in Cologne. On invitation of „pro Cologne “representatives of the Vlaams Belang (Belgium), the Freiheitliche Partei of Austria, the Front National (France), the Lega Nord (Italy) and the British national party tried to announce their racist agitation public. Against this provocation a very broad alliance were formed from trade unions, churches, social organizations and political parties in Cologne, which opposed resistance to this meeting successfully with various action forms. On the prelude demonstration at the foot of Cologne cathedral spoke in front of several 10,000 demonstrators the mayors of the city Cologne, a representative of the catholic church, a colleague of DGB and the FIR. The speech of president Michel Vanderborght, which was prevented for health reasons, was red out by Secretary-General Dr. Ulrich Schneider under large applause of the demonstrates. (The wording of the speech is to find under [www.fir.at](http://www.fir.at))

The flags of FIR could be seen on the crowded place of the manifestation,

## Executive committee of FIR met in Berlin

In the middle of May 2008 met the executive committee of the FIR to its regular meeting in Berlin. In the centre of the consultation together with representatives of Institut des Vétérans, which had organized the Belgian course of the memory, was located an evaluation of the international youth meeting in Buchenwald April 2008. The participation from delegations approximately 20 countries, a broad press and television reporting as well as clear content wise messages - carried of the thought of anti-fascism - determined the impression of this meeting. The participation of politicians from Belgium and Germany underlined the meaning of the meeting.

In the evaluation however not only successes were seen, to self-critical went it also around weak points of the organization, the absence of some delegations and possibilities for the improvement of the internal vote. In an evaluation of the cashier also the financial aspects of the meeting were lit up. However by the FIR and its member federations means at a value of scarcely 30,000 € were applied for the realization of this meeting. The executive committee thanked expressly the Institut des Vétérans, its co-workers and the Belgian authorities for their large commitment for this meeting. Altogether the feedbacks showed from participation and member federations that the reputation of the FIR grew by this action. Besides this the meeting proved the aliveness of the FIR and their close solidarity with the today's generations.

In the further consultation two political activities stood in the year 2008 on the agenda. In September right-wing populists (pro Co-

logne, FPÖ, Vlaams Belang, front national and others) plan in Cologne a European meeting 2008 as „a congress against Islamising“. Against this right-wing marching-up calls the FIR together with a broad anti-fascist alliance in the city its member federations in Belgium, France, the Netherlands, Luxembourg and Germany to a demonstration „for anti-fascist Europe“.

As the second political emphasis the conditions of the preparation of the annual conference in the middle of October 2008 in Berlin under the slogan „60 years general declaration of the human rights of the United Nations and tasks of anti-fascism“ were discussed today “(see invitation).

Naturally also organizational problems were treated. Seriously one spoke about the financial situation of the organization and one decided to remind defaulting member federations of the payment of the contribution for 2008. To the conclusion of the consultation the Webmaster of the organization presented the Internet sites of the FIR ([www.fir.at](http://www.fir.at)). We can register a continuous rise of the accesses to these Internet sites. Unfortunately the sides are differently current in the different languages (German, English, and French). This is above all a problem of the translation. In addition the member federations use not very often the possibility of the linking of their own Internet appearance with the FIR side. Here we have still some possibilities of the improvement.

by the parliamentary group GUE/NGL in the European parliament.

In the context of the conference also the project for the setting up to an anti-fascist memory place in Portugal was presented.

## Declaration of FIR for the decision of European Court of Justice for human rights in the case Wassili Kononow

With large satisfaction the international federation of the resistance fighters - FIR – association of anti-fascists, the umbrella organisation of federations of former resistance fighters, partisans, members of the anti-Hitler coalition, pursued of the Nazi-regime and anti-fascist of today's generations out over twenty countries of Europe and Israel took knowledge to the judgement of the European Court of Justice in the case of the Latvian partisan Wassili Kononow at the end of July 2008.

Its condemnation in the year 2004 in Riga because of alleged war crimes 1944 was waived and awarded to him a compensation for suffered injustice. The judges waived thereby a judgement, which tried to criminalize over 55 years after end of World war II the liberation struggle of Latvian partisans at the side of the Soviet army. At the same time there are efforts in Latvia to rehabilitate the SS-volunteers as „fighters for the freedom of Latvia “and to glorify them.

The FIR does not only see an individual case decision in this judgement. It is a clear signal to all European states that the liberation struggle of the peoples against the fascist barbarism may not be denied and criminal-

ize. This is a correct decision, which becomes fair the meaning of the anti-fascist resistance for of peaceful Europe.

*Wassili Kononow with his companions at the memorial for Latvian partisans in Draudzibas Kurgans.*

The FIR congratulates Wassili Kononow and the Union of the Latvian partisan brigades and expects from the government of Latvia that it realises immediately the moral rehabilitation and in the court decision specified material compensation for partisans.

### **Jewish partisans ones are defamed in Lithuania as "terrorists" and "murderers"**

Accompanied of appropriate hate-speeches in the media, the Lithuanian judicial authorities determine at present against Jewish resistance fighters, who fought the fascist occupation. The reproach: Crime at Lithuanians. Yitzhak Arad and Rachel Margolis living in Israel as well as Fania Brantsovsky and Sara Ginaite living in Vilnius are directly concerned. All Jews, who cooperated with communist partisans, are meant. Beginning of the yearly did not open the right-conservative supra-regional daily paper "Lietuvos Aidas" the campaign with the rhetorical question "why brings nobody Fania Brantsovsky to court?" Brantsovsky had attached itself 1943 to the "combined partisan organization" (FPO); today she works in the Jewish museum Vilnius. The sheet ac-

cuses her, she should have killed together with" Soviet terrorists "in January 1944 the inhabitants of the village Kaniukai. The accuse based of the memoirs of the former Partisan Margolis and the paper demands themselves to load Margolis as witness. Numerous media demand an accusation also against Yitzhak Arad, which as a young person in the Markov - brigade had fought (pseudonym" Tolya ") and from 1972 to 1993 he was director of the Holocaust memorial place Yad Vashem in Jerusalem. Arad writes in his books concerning attacks on Lithuanian collaboration units. Its opponents conclude razor-sharp, he murdered Lithuanians. The law took up the campaign against the Nazi opponents defamed as "murderers" and "terrorists". Brantsovsky

was requested to state as a witness against its comrades too. In May this year appeared the police several times at the second home of Rachel Margolis in Vilnius, around it "asks". Because Margolis lives however in Israel, the police expenditure asked the directress of the Jewish museum, Rachel Konstanian, instead of Margolis. Arad has still no official notification, knows however from Lithuanian sources that "anti-soviet groups" have indicated him and the authorities want him to hear. That he said to the newspaper Jewish Chronicle. After JW - information one determines also against the resistance fighter Sara Ginaite.

The crude anti-Semitic adjustment of "Lietuvos Aidas" is obvious: The campaign began just on January 27, the anniversary of the liberation of the extermination camp Auschwitz. In all seriousness the sheet explains, the "final solution" has been invented by the "100-Prozent-Juden" "Adolf Eichmann; also the Nazi heads Heydrich, Himmler, Bormann were Jews. Stalin, likewise standing under Jewish - Zionist influence, helped.

Completely it is faded out the fact that Lithuania was a centre of the Nazi collaboration. The "load witness" Margolis really reports on Kaniukai - on the attack on a "Nazi garrison". In the version of "Lietuvos Aidas" certainly concerned it simple farmers, who would have organized a "self-defence" against the "plundering by red terrorists" - that is rather exactly the linguistic usage of the Nazi period.

The fact that the law determines nevertheless witnesses from the anticommunist climate in Lithuania: Who wanted to survive as a Jew, could only in the common fight with communists and/or Red Army soldiers. The accused ones are frightened by the reproaches and reject the co-operation to the justice farce. In the "Jerusalem Post" of May 28 Arad said: "They want to write again history". The murderers of the Jews are to be explained as heroes of Lithuania and the few survivors as criminal ones. Brantsovsky stands to its participation in the resistance: "It was a question of the honour." She does not intend to emigrate from Lithuania. "I fought once, I can fight again."

## **Declaration of FIR about the judgement of the Italian Court of Justice to nazi-forced - labourers**

The International federation of the Resistance fighters (FIR) – Association of anti-fascists, the international umbrella organization of federation of former resistance fighters, partisans, deported and interned and victims of the fascist crimes and anti-fascists of today's generations welcomed expressly the recent decision of the highest Italian of Court of Justice over the legal standard of the claims for damages of Nazi-forced labourers.

The German Federal Government, which aimed at this process, must recognize now that exclusion of Greek and Italian Nazi- victims from the compensation is illegitimate. At the same time the court secured the material legal claim of the pursued ones by judicial mortgages on German facilities.

This judgement is not only a moral victory for all pursued ones of the Nazi regime, it creates also for all involved right clarity. Nazi crimes - and in addition also belongs the forced labour of deported and prisoners of war - must be avenged. The forced labourer compensation foundation „memory - responsibility - future “must take up

now their work for the compensation of these groups of victims again.

The FIR thanks all involved ones, in particular the anti-fascist federations and initiatives to the historical and legal processing of the crimes in Italy and Greece, which argued in the past years with large persistence and commitment for the moral and legal acknowledgment of the victims of fascism.

FIR congratulates the federations of the survivors and her descendants, their political and legal representatives to this success. Now the FIR expects a brisk conversion of the obligations of the German Federal Government opposite the survivors and the members, who result from the judgement. Each further attempt to play on time by legal delaying tactics would be a mockery of the victims and an ignoring of the European right standard, which showed up in the Italian judgement.

### **FIR President Michel Vanderborght in the „Golden Book“ of Weimar**

On the occasion of the receipt of the city of Weimar for the official guests of the international youth meeting in Buchenwald in April 2008 Michel Vanderborght registered itself into „the golden book“ of the city as a president of the FIR together with the Belgian Ministers for defense and education as well as Ambassador Belgien. The representative of the city of Weimar underlined on this occasion expressly the great importance of the work of the FIR.

### **Report to the full session of International Rombergpark committee 2008 in Dortmund**

In the annual convention 2008 of the International Rombergpark committee (member of the FIR) participated guests from Germany, France, the Netherlands, Ukraine and from Russia on Good Friday. Besides are again guests from other places with war final phase crimes. With them the International Rombergpark committee

developed good contacts, because the crimes at Good Friday 1945 in Dortmund were not an individual case. Three years ago the representatives of such cities were present in Dortmund at the international Rombergpark committee, which have to deplore victims of these crimes. The reports from these places were "now in summary in

the book "Murderous Finale" - To the Nazi crimes at the end of war.

From France Mrs. Brigitte Scamps participated in the conference. She is the daughter of Léon CHADIRAC, who had to perform 1945 in Lippstadt slave labour in the spring and then he was murdered in the Bittermark/Rombergpark Dortmund together with further approximately 300 anti-fascists. The International Rombergpark committee discovered an indictment of the "Volksgerichtshof" against Leon Chadirac and presented it to Mrs. Scamps. There has been written that her father help to create a group of resistance fighters. He heard and spread „hostile rushing transmissions“, operated „aiding and abetting the enemy and preparation to the high treason, military force decomposition and broadcast crime“. He stands for Pan Europe with inclusion of Soviet Russia.

Mrs. Scamps was very relieved to experience this because their father was valid in France as a renegade, who had worked after capture on the French-German front for Germany. The International Rombergpark committee expressed expectation that Leon Chadirac will finally rehabilitated now in France.

For the first time since long time also the Russian war veterans committee was represented again with a delegated one here, Vladimir Gall. He participated 1945 in the liberation of Berlin; unforgotten is his liberation act on the Spandau Zitabelle together with Konrad Wolf, the later film director ("I was 19"), in order to save the life of hundred civilians.

## Successful Federal congress of the VVN – BdA

Under the slogan "Together against dismantling of fundamental right, fascism and war" the 3rd Federal congress of the Federation of the pursued ones of the Nazi regime – Association of anti-fascists met in May 2008 in Berlin. 160 delegates from all Federal states and from camp-communities represented about 7,500 member of the biggest organization in the tradition of pursued and anti-fascism.

A great success could the VVN - BdA report, which had collected within 9 months more than 175.000 signatures for the demand of a renewed interdiction-trial against NPD. Professor Heinrich Fink evaluated the events around the G8-Meeting 2007 in Heiligendamm as a break in the history of the country. With great forces of police and military and by means of criminalisation of the democratic protest the apparatus of state started a so far not known attack on the civil rights.

A militarized foreign policy was legitimized with historical revisionism, as the prevention of a new Auschwitz was already spent 1999 as reason for war. Opposite VVN - BdA demanded: "We have to recreate both sides of the obligation 'Never again war - never again Faschismus'."

The domestic militarization of Germany and to stop the way into a monitoring-state was a further emphasis of the conference. "With the stirred up anti-terror hysteria there are eroded at broad front democratic fundamental rights in a never known measure."

In addition the congress required to terminate the German Federal Armed Forces mission in Afghanistan and make Germany nuclear weapon-free.

The compensation and social support of all victims of fascism were moved again into the focus of the activity of the VVN - BdA. A federal workinggroup social politics and compensation is to be created within the organization. Those the uncomplete compensation of the female obligation workers and forced laborers like also the necessity for the support of aged victims of the Naziregime and also the indirect victims from the second generation make intensified efforts necessary.

On the topic historical memory and memorial places the anti-fascists of the VVN - BdA want to make there voice louder, even if the numbers of the contemporary witnesses get thinner. New forms of the historical work were discussed. The VVN - BdA fights thereby against denying "singularity of the Nazi-crimes". "Who makes actors to victims, who equates fascism and socialism as extremism, plays down Hitler tyranny and favours the Neofaschismus," one explained.

On the congress also international guests could be welcomed. Michel Vanderborght brought the greetings of the organization and its member federations as a president of the FIR. Professor Ilja Kremer read out the greetings of the

chairman of the Russian war veteran federation marshal of the Air Force, Alexander Efimow. To the new chairmen of the VVN - BdA were elected Professor Heinrich Fink from Berlin and Cornelia Kerth from Hamburg. Under long strong applause Esther Bejarano (Hamburg) and Hans Lauter (Leipzig) became honorary

chairmen of the organization. For the elevenhead circle of federal speaker also Heinz Siefritz and Dr. Ulrich Schneider were elected. With the call, to win new fellow combatants for the VVN - BdA and work further at the same time successfully in broad alliances ended the congress.

## International tracing service (ITS) finished digitization

Recently after the opening of archives the International Tracing Service of the Red Cross in Bad Arolsen realised a further important step for the opening of the archive for the historical research. After work for many years the digitization of forced laborer archives could be finished.

and national Institut of the memory in Warsaw has now received copies of the data.

Archives document that immigrant workers in almost all economic sectors - of the armaments industry, which agriculture and even as a domestic help - and regions in the German Reich were used and exploited.

## „Le drame de Tulle » - The crime of Tulle

On 9 June 1944 the SS-troop „Das Reich“ murdered in Tulle 99 civilians by hanging. This crime, which is quite comparable with the crimes in Oradour, made the Belgian Bruno Kartheuser the center of a singular documentation over the fascist occupation of Eupen - Malmédy, the crimes of the occupation - time and the legal pursuit of the criminals.

Based on a highly detailed research it completely documents the procedures, designates all well-known names of the actors. To them belonged Walter Schmal (SD) and Heinz Lammerding, commander of the SS-armoured division „Das Reich“. At the same time the author list the names and the fate of the pursued ones, with which he redeems the promise never forget the victims of Tulle.

Straight in the recently published volume „a unpunished crime“ the author makes clear that on

the background of „French-German friendship“ after the war most of the responsible persons remained undisturbed.

The four volumes document in a systematic panorama of the Nazi barbarism in a occupied country in the west.

## Invitation to the annual conference 2008

December 10, 2008 marks the 60th Anniversary of the Universal Declaration of Human Rights of the United Nations. This document is of crucial importance for the political development after the Second World War and it is a result of the common action of the peoples and states of the anti-Hitler coalition. They wanted to give with this declaration measures, so never again an iniquitous regime can threaten the world. This statement has emerged from the community of nations in the fight against the threat of fascist barbarity. It is an expression of the will of all peace-loving people, a new world of peace and freedom to establish, as the oath of surviving prisoners of the concentration camp Buchenwald says.

For this reason we have decided that the 2008 annual conference will be under the slogan:

**"60 years Universal Declaration of Human Rights of the United Nations and anti-fascist policies today."**

The conference takes place in Berlin (Germany).

Conference room will be the **European house**, Unter den Linden 78, 10117 Berlin.

The dates of the conference are **October 18 - 19, 2008**.

The arrival of the participants should be on October 17, 2008.

The conference itself takes place all the day on October 18, beginning at 9.30 o'clock.

Based of our present planning the conference will be opened by representatives of the United Nations, the European parliament and by a statement of a professor for international law.

Subsequently, we want to advise together over the meaning of the declaration of the human rights for our current and future political work. In addition not only the member federations of the FIR, but also partner federations and other political structures are invited, which want to work together with us to this topic.

On Sunday, 19 October there will be in the morning a political program, so that the departing time is possible starting from noon.

Actually there exists no possibility, to financier travel and accommodation costs of delegated ones by the FIR. Only the costs of the meeting (including the food supply) can be taken over by the organization. Therefore we ask all federations and interested participation to strive after their possibilities around conveyances for travel and accommodation costs.
